

Life by the Drop

Stevie Ray Vaughan

COUPLET I

Hello there, my old friend
Not so long ago it was til the end
We played outside in the pouring rain
On our way up the road we started over again

REFREIN

You're living our dream oh you on top
my mind is aching, 'Lord it won't stop'
That's how it happens living life by the drop

COUPLET II

Up and down the road in our worn down shoes
Talking about good things and singing the blues
you went your way and I stayed behind
We both knew it was just a matter of time

REFREIN

COUPLET III

No wasted time, we're alive today
Churning up the past, there's no easier way
Time's been between us, a means to an end
God it's good to be here walking together my friend

SLOT

We're living our dreams
my mind's stopped aching,
That's how it happened living life by the drop
That's how it happened living life by the drop
That's how it happened living life by the drop
