

I See A Dreamer

CG5

INTRO

COUPLET 1

As the wind whips 'round
I take a breath for victory
Wanna play tag, or wave your white flag?
'Cause you'll never touch me

King of hearts, all in (all in)
It's not a sin to wanna win (sin to wanna win)
Can't see me

VOORREFREIN

flying like a bee, black and yellow energy
Only me on my team, naturally

REFREIN

I see a dreamer
Over there by the water
But I got no, but I got no
Ka kor rha phio pho bia

I see a dreamer
And he's ripe for the slaughter
But I got no, but I got no
Ka kor rha phio pho bia
Phobia, phobia, phobia, ow

COUPLET 2

I hear battalions sing of my demise
But I don't know the words (what?)
I take a road of my own making
On a journey, no returning
Whoa, whoa
That's how it goes
They've drawn the battle line
And I see fire in their eyes

Na na na na na na
I'm better off not listening, huh
Na na na na na na
I've got my own song to sing

VOORREFREIN

REFREIN

BRUG

My boat is full, why don't you swim?
Enjoy my fortress, I'll be right in
I stare a hole through danger's soul
We all know
I can do this, eyes closed

COUPLET 3

I refuse to fail
So heed this cautionary tale
You've got dragons, my little friend
You'll conquer them in the end
If you can, haha

REFREIN

Huh, huh
Phobia, phobia, phobia
